GERMANS MOVING ON CITY OF PARIS

Two Fortified Positions Stand Between Invaders And City.

GLOOMY IN LONDON.

England Aflutter Realizing That War Zone is Only One Hundred And Twenty Miles Away.

London Sept. 4—Only two fortified positions now stand between the German army of invasion and Paris.

Slowly and steadily the troops of the Kaiser have fought their way toward the French capital, and today the invaders are reported to be moving in force upon Laon and Rheims. These are the last of the interior fortified positions held by the allies outsde of the Paris defenses. Upon the showing made by these forts depends the beginning of the second great siege of Paris by a German army.

While the troops of the Kaiser are fighting their way nearer and nearer the French capital, in a line which the allies have been unable to break, the military and civilian populace of the capital are engaged in constructing the most immense and complicated system of entrenchments around the city known to history. Several hundred thousand men, supervised by the greatest of French engineers, are working day and night at the entrenchments.

The city is in a state of siege, and all the suburbs have been evacuated. Each train brings into the city fresh troops. Every gate has been closed and barricaded with the exception of two, and these are carefully watched.

London, Aug. 25 (by mail to New York, Sept. 4)—Stand in Piccadilly Circus tonight and look to the east. Beyond the city's roofs beyond the fields outside the town, forty miles away, lies water. This water is only twenty-six miles wide; it is the English Channel. And, on the other side of the channel is France, where English soldiers are fighting and dying.

Only 120 miles from London lies an edge of the great French battlefield. It's only two hours away by aeroplane; only a little more than the bee line distance from New York to Philadelphia.

Stand in Piccadilly Circus, the heart of London, where the lights are brightest and where London plays, in peace times, and think of that nearby battle-ground and you begin to understand why England's heart is aflutter and why she tries to keep herself from thinking what might happen if things go wrong.

ST. MARY'S TO OPEN

New Term Will Commence on Next Tuesday.

Another scholastic year will open at St. Mary's Academy on Tuesday September eighth.

The members of the faculty who attended the Western summer school held at the Mother House St. Mary's College and Academy Notre Dame Indiana have returned during the past ten days.

For the first week of school half sessions only will be held for registration of all pupils and for the examination and classification of new and conditioned pupils. Those who compete for class honors must enroll before September fifteenth.

The summer months were devoted to the work of renovating and beautifying the school building. Bright and attractive class rooms airy dormitories and spacious play grounds invite the pupil and make for proper as well as mental development.

The courses in music art expression and physical culture will reorganize during the opening week. The great number of pupils in the two last named courses made a resident teacher necessary thus increasing the teaching faculty.

In connection with the physical culture classes a tennis court and a course in dancing are at present contemplated by the faculty as probable additions in the near future.

St. Mary's had the proud distinction last year of winning out in the contest for the gold medal awarded by the Palmer Company of New York to the school in the Richmond diocese making the best record in Palmer penmanship. It is hoped that St. Mary's pupils will spare no effort to carry off the same honor this year.

Students beginning the commercial course must enter promptly. Late entrance in any course of study lowers the monthly examination notes and proves a great loss to a pupil anxious to excel.

In the music deprtment of St. Mary's Academy the Sisters of the Holy Cross have this year adopted the "Progressive Series" of the Art Publication Society of which Leopold Godowsky is the editor-in-chief. This work standardizes music teaching and is a most thorough systematic and complete course of study.

REUNION OF FOWLE FAMILY.

Asosciation Will Meet in Masachusetts Next Monday.

The Fowle Kindred Association will hold its ninth annual reunion Labor Day, Sept. 7, at "Westview" the 80-acre homestead estate of Mr. and Mrs. Charles H. Arnold, members of the Association, on William St., in the western part of Stoneham, Mass, near the Woburn line.

This association is composed of descendants of George Fowle who was born in England in 1610 and came to Concord, Mass. in 1638.

There is a distinguished branch of this family in North Carolina and another in Virginia, besides branches in New England and other sections of the country. Daniel Gould Fowle, Governor of North Carolina in 1889 to 1891 was a descendant of George Fowle. His father, Samuel Richardson Fowle, was a poineer in North Carolina, going there from Woburn, Mass., in 1815 and becoming one of the most prominent shipping merchants in that state. William Fowle another descendant of George Fowle, went from Boston to Alexandria, Va., in 1805 and became one of the most prominent shipping merchants of that section. His son William Holmes Fowle, was for many years associated with his father in business and both became foremost citizens of Alexandria. Mrs. Gen Fitzhugh Lee is a Fowle of the Virginia branch.

URGES CONGRESS TO PROVIDE FUNDS

President Wilson Asks $100,000,000 Additional Revenue.

DEFICIT DUE TO WAR.

Legislative Machinery Will be Set in Motion Immediately to Carry Out Suggestions of Executive.

Washington, Sept 4—President Wilson personally addressed Congress in joint session today urging legislation to raise $100,000,000 a year additional revenue through internal taxes to meet a Treasury deficit threatened by the conflict in Europe.

The President told Congress that he discharged a duty which he wished with all his heart he might have been spared, but which he have been spared, but which he performed without hesitation or apology, because of the danger in present circumstances to create a "moment's doubt as to the strength and sufficiency of the Treasury of the United States."

While the Treasury, he said, could get along for a considerable period he pointed the peril of government's withdrawing from the national banks approximately $75,000,000 of the Treasury balance deposited there; advised against the government borrowing money or selling bonds, which would make a "most untimely and unjustable demand upon the money market," and appealed to the intelligent and profoundly patriotic public" to bear the burden of a special tax to meet the unforseen emergencies.

The President, escorted by the committee, entered the hall at 12:30 o'clock, and he was greeted by an outburst of applause and cheers from the democratic side of the House, which lasted for threee minutes.

The President standing at the desk, waited calmly for the storm to subside, and then in a low clear voice began the reading of his address. It lasted 10 minutes.

MYSTERY IN CURTIN'S CASE

Young Man Recovers Consciousness at Hospital

A degree of mystery attaches to the case of John T. Curtin, Jr., the 16-year-old son of a Southern Railway locomotive engineer of this city, who was found unconscious in a buggy on the roadside several miles south of this city, early yesterday morning. He started from this city late in the afternoon to spend the night with friends in Fairfax county, and when he failed to arrive in reasonable time search for him was made and his body found.

Dr. William Caton was summoned, and after unsuccessful efforts to restore the boy to consciousness, he placed him in his automobile and hurried to the Alexandria Hospital. Dr. Caton and Dr. M. W. O'Brien, could find no marks of violence' but the lad did not regain consciousness until noon yesterday.

It was stated at the hospital last night that the patient had a vague recollection of an automobile passing but could give no explanation for his plight. The horse had browsed patiently on the roadside until young Curtin's friends found him.

SOLDIER HAD A BAYONET

Causes Alarm in Saloon in Northeast Section Last Night

George W. McKenney, a soldier from a neighboring fort appeared in a saloon in the northeastern section of the city last night and caused some consternation among inmates of the place when it was discovered that he had a sword bayonet under his coat.

The police were notified and Officers Roberts and Garvey repaired to the saloon and relieved the soldier of the weapon. He was charged also by the proprietor with disorderly conduct.

McKenney was brought before the Police Court this morning. The proprietor of the saloon failed to appear so the charge of disorderly conduct could not be proven. The officers charged the prisoner with carrying concealed weapons but Justice Caton decided that the sword bayonet was part of his equipment. McKenney was released and his bayonet returned to him with the injunction that he leave his arms at the fort when he makes future visits to Alexandria.

FOUR PREACHERS TALK

Deliver Prohibition Addreses in Place of M. J. Fanning.

M. J. Fanning, who was scheduled to deliver a prohibition address at the First Baptist Church last night, failed to arrive in Alexandria because of the delay in his train reaching this city. There was a large audience waiting to hear him and in his place four of Alexandria's preachers delivered short addresses in favor of state wide prohibition.

The Rev. W. F. Watson, D.D., pastor of the First Baptist Church presided. He declared that Virginia would go dry by a majority of from 20,000 to 40,000. He read a number of statistics showing that the revenue received from saloon licenses was not sufficient to pay the expenses of the state caused by the liquor traffic. According to his belief there will be no difficulty in enforcing the law if it is passed.

An eloquent plea for state-wide was made by the Rev. C. R. Strausburg, pastor of the Methodist Protestant Church. He said that the revenue received by Alexandria from liquor licenses was $11,500 and the amount spent for liquor in this city $320,000. "Give me this latter sum," said Mr. Strausburg, "for one year and I will build you a new high school building and place an improved street in front of every residence."

The Rev. O. W. Triplett, pastor of the Second Baptist Church, though that there could be no question of the cost of prohibition where the moral issue was involved. "I would rather pay more taxes in money," he said, "than to pay a tribute in the young manhood of the community."

The last speaker was the Rev. G. A. Luttrell, pastor of Trinity M. E. Church who told of the horrors of the drink habit and the number of young men who are started on a downward career each year.

REED BIRDS ON TOAST AT RAMMELS.

GERMANS PAYING ENORMOUS COST

Invaders of France Meet With Appalling Losses.

BLOT OUT DIVISIONS.

Must Continue Offensive Even Though Annihilation Awaits Them Under Walls of Paris.

London, Sept. 4—The Daily Chronicle's correspondent, in a dispatch dated from some unnamed place in the department of the Somme on September 1, dwells on the appalling German losses.

"A few more such days as Sunday and Monday," he says, "and the Fourth German army invading Northern France will have destroyed itself completely. No army that ever existed could endure and survive the terrible losses sustained by the Germans in the last few days. Whole divisions of infantry have been blotted out of existance by the deadly fire of the British.

"The enemy still clings to its formation of attacking en masse. It is little wonder if demoralization is beginning to appear in the shattered German ranks. The infantry has lost its clan. It no longer displays the dash in pushing nome its attack. The fearful punishment to which it has been subjected is beginning to tell.

"In the final assaults yesterday the assaulting columns coming into the zone of British infantry speedily manifested signs of unsteadiness. They were seen to waver and more than once broke and fled in confusion in spite of the attempts of their officers to rally them. As a result of this prolonged battle, the Germans cannot be said to have gained any marked decisive advantage over the British army, which has offered a heroic and stubborn resistance. The German right has been able to advance a few miles further south. That is about all.

"The Germans undoubtedly are at an unsafe distance from their base. They have been unable to avail themselves of the Belgian railways and there is an insufficiency of animal and motor transportation. Every day's delay of their forward movement serves to diminish the German chances of ultimate success, and to render more precarious the position of the invaders. They cannot attempt to retire without the risk of an irretrievable disaster. Therefore, they are almost certain to resume the offensive and seek to crush the allies' line, even though annihilation subsequently await them under the walls of Paris."

GOVERNOR STUART'S VIEWS

Makes no Comment on Publication That he Will Vote for Local Option

Richmond, Sept. 4—Governor Henry C. Stuart preserved a dignified silence when he was advised yesterday afternoon that several newspapers in the State had published the fact that in private conversations and private letters during the last few months, he had announced his intention to vote against State-wide prohibition in the forthcoming election.

In answer to a telegraphic query Alexander Forward, secretary to the Governor, sent the following message to the Lynchburg Advance which was published yesterday afternoon:

"Replying to your telegram addressed to me, in which you ask, 'will Governor Stuart vote wet in the coming election.' I will say that Governor Stuart has refused to give any newspaper interviews, with respect to his attitude on this question, and does not wish to enter into any discussion in the newspapers or elsewhere of the merits of the issue. I feel sure, however, that Governor Stuart does not object to answering any proper inquiry on this subject, from the fact that he has not hesitated at any time since the liquor question has been under discussion to state to those persons who felt an interest in his opinion that it was his purpose to vote against prohibition.

"ALEXANDER FORWARD
"Secretary to the Governor."

The attitude of the Governor toward State-wide prohibition has been known to hundreds, probably thousands, of people for some time for the simple reason that he has expressed his personal preference for local option to every one who approached him on the subject.

The Governor has denied to newspaper reporters interviews for publication. He is not disposed to enter actively into the campaign, and his motive in declining to discuss his own attitude toward prohibition has been too palpable to permit of any doubt.

PROGRESS OF RUSSIAN ARMY

Cossacks Hewing Way Through Country in Front of Army.

ADVANCING RAPIDLY.

Success Due to Rapid Moves of Cavalry Entrenched Positions Which Terrorize Enemy.

London September 4 4:07 A. M.—The Petrograd St. Petersburg correspondent of the London Tmes in a report on the operations between the Russians and their foes around Lemberg says:

"The forts of Lemberg have fallen and other Austrian armies have been engaged in northern Galicia near Lublin. We may yet have to chonicle the complete disruption of the dual monarchys armed forces.

The operations extended over an enormous front of 200 miles and probably a million and a half men were engaged The Austrians extreme right sustained enormous losses but the most terrible blow was dealt them by the kallant Ruzskys army which started from Rovno thence toward the southwest spreading fanwise so as to invove the region north and south of Lemberg menacing the rear of the Lublin army and threatening to cut its communications

St. Petersburg Russia. Sept 4—The Russian armies are today fighting along an entirely new battle line. In Russian Poland, where the Austrian left wing has been heavily re-enforced by the Germans, the fighting is of the most serious character. The Russians are holding their lines, content to remain on the defensive until the additional re-enforcements now being sent forward from the concentration district, Vilna-Grodo-Byeloslok.

To the south in Austria, however the situation is much different. There the Russians are on the offensive, and the Austrians have been back toward the San river.

They are holding their advanced lines and are concentrating on Przemysl, where another great battle is certain.

The advance of the Russians through Galacia is declared to be extremely rapid. The Cossacks are sweeping the country in front of the infantry, falling back whenever strong positions are located.

To the activity of the Russian cavalry much of the present success is due. It has deliberately violated the rules of safety in charging entrenched Austrian positions, but by doing so has terrorized the enemy, the official reports say, and as a result the opposition has lost much of its forcefulness.

NEW TEACHER ELECTED

City School Board Completes Arrangements for Opening on the 14th Instant.

The regular monthly meeting of the City School Board was held last night. Chairman Bradshaw presided, and Messrs. Kirk, Myers, Cox Howard Pierce Thompson Nicklin, Ervin and Hammond and City Superintendent Sweeney were present.

Mr. Myers of the committee on schoolhouses and furniture, stated that the owners of the old Peabody building were placing a portion of the structure in proper condition for the use of schools when the session commences. The board will pay $500 for use of the rooms during ten months of the coming school year. Should the board need the accommodations next year they can be procured for $600 for a period of twelve months.

The resignation of Miss M. E. Carter one of the teachers was read. Miss Helen Blake was elected to fill the position. It is probable that three more teachers will be needed when the schools shall have been opened. Should more be necessary a called meeting of the board will be held sometime during the present month.

Miss Celeste Cox was elected a substitute teacher in the white schools, and Bessie L. Riddick in the colored.

Miss Blake's salary was fixed at $40 per month.

The following committee was appointed to recommend the names of candidates for teachers to the board: Messrs. Nicklin Pierce and Howard.

The resignation of C. W. Wattles trustee from the Second ward was read and accepted. Mr. Wattes now represents the Second ward in the Common Council.

Superintendent Sweeney announced that no water from the city mains would be used in the schools until the city authorities shall have announced the same sanitary. It was proposed to obtain supplies of water free from the Portner Brewery and the Mutual Ice Company. Peter Von Westerlaken had offered to furnish casks for the same free of charge. The committee on school houses and furniture was directed to take the matter in hand. Each pupil it was stated would use his or her cup.

Mr. Nicklin offered preambles and resolutions directing the teachers to impress upon pupils the necessity of using precaution in crossing streets in these days of the increasing number of automobiles.

Superintendent Sweeney said that this had been anticipated some time ago and that the teachers often warned children of taking any risks.

The resolutions were adopted.

The superintendent feelingly announced that two scholars of the High School—Otis Sunderlin and Madeline Martin—had died recently.

The board adjourned shortly after nine o'clock.

CHOOSE HOSPITAL SITE

Square at Columbus, Alfred, Pendleton and Wythe to be Purchased for $7,500.

Progress toward the erection of the new Alexandria Hospital was made last night when the board of trustees and a committee, composed of five staff physicians and five members of the board of lady managers selected as a site for the new building the square of ground in the northwest section of the city bounded by Columbus Alfred Pendleton and Wythe streets. This site was recommended by a site committee of which A. D. Brockett is chairman and Carroll Pierce James R. Caton Harry Hammond and Robert S. Jones members. The cost of the square is $7500.

The site is said to be admirably suited for hospital purposes. It is sufficiently large so that grounds can be laid out and used by the patients and nurses.

The committee on site and plans have now been merged into what will be known as the building committee and plans will soon be adopted for the construction of the new building which will cost over $50-000.

HOSPITAL SITE IS SELECTED.

The committee which has for sometime been diligently at work considering the various proposed sites for the new Alexandria Hospital last night made their report. After having listened to the arguments of all who had had sites to suggest, the committee determined that the square of ground bounded by Alfred, Columbus, Pendleton and Wythe streets, was the most suitable for the new hospital.

This report was then adopted by the trustees and special committee, and it is hoped that their action will prove an end to the controversy. While certain advantages were urged for other localities, the committee, after having duly considered all suggestions which had been made, fixed upon the ground described above, believing it the best all things considered.

It is hoped, that all who have so generously subscribed to the fund for this new and much-needed institution will now be of one accord and that the work of erecting the new hospital will be pushed to completion.

The community duly realizes the work of the site committee . Like people in all representative capacities, they have found it impossible to please every one interested in the matter of location. They have done the best they could under the circumstances, and it is hoped their judgment will meet with general approval.

The lot of ground in the northwestern section of the city upon which the new hospital will be erected is without doubt a good location. There will be plenty of room for convalescing patients to move about the grounds, which is a great desideratum and a matter the committee wisely considered. The same cannot be said of other proposed sites. No matter what the advantage may form.

There should be no cramped conditions in or about such an institution, and these will avoid in site sclected.

GOVERNOR STUART FOR LOCAL OPTION.

The announcement that Governor Stuart will vote for local option against state-wide prohibition is not unexpected. The prohibition issue is one of the most serious questions that has been before the people of Virginia for half a century and every man interested in the well-fare of the state must give considerable thought and study to it. If they will do this and not permit their judgement to be swayed by sentiment they must reach the same conclusion that Governor Stuart has reached.

The position that Governor Stuart has taken means more at this moment than a mere personal statement. As the judgment of the governor of the state elected by a united Democracy and without pledges or political promises of any kind, it will carry sufficient weight to make a powerful appeal to the people of the state.

THIN FOLKS MADE FAT

The Way Samose was Introduced— Guaranteed by E. S. Leadbeater and Sons.

More than half the readers of the Gazette would give almost anything to be plump and rosy instead of thin and scrawny.

Physcians and chemists for years have studied the problem of making a flesh-forming food but it is only within the last few months that a bright man discovered the prescription that taken with the daily meals gave a positive increase in flesh In fact it was so certain in its action that a guarantee was attached to each package stating that if weight did not increase as a result of using it the purchase price would be refunded.

This preparation is now put up in convenient form under the name of Samose.

E. S. Leadbeater and Sons have secured the agency in Alexandria for Samose and as the percentage of satisfactory results from the use of this perscription is so nearly one hundred per cent they feel there is no risk in offering to refund the money if Samose does not do all that is claimed for it.

Everybody that is thin and out of health should begin today the use of Samose with a guarantee like this.

CHILDREN'S PLAY GROUNDS.

(Communicated.)

Mr. Editor:—I would like to have space to thank the play ground committee of the parents and teachers association of which Mrs. T. C. Howard is chairman, and Mrs. T. M. Jones is secretary, for their untiring efforts in making the play ground a success for the children of our city. To one who has not visited the grounds it is a rare treat, lost as to the benefit and pleasure derived by the little ones.

Under the capable directress, Mrs. Howard Beall, and her able assistant, Miss Sophia Tackett, the children of Alexandria have been given a luxury long needed. The mothers of this city are grateful to everyone who has in any way contributed to its success. Inasmuch as ye did it unto the least of these my children, ye did unto me. I speak the sentiments of many mothers who have expressed a desire to tender their heartfelt thanks.

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose, Says Druggist, Leadbeater And Sons.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight

Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Druggists E. S. Leadbeater & Sons will return your money. You certainly can afford to try Samose on this guarantee. E. S. Leadbeater & Sons.

"GETS-IT" FOR CORNS SURE AS SUNRISE

New Plan. Corns Shrivel, Vanish.

Until "GETS-IT" was born nobody was ever sure of getting rid of a corn. Corn treatments nearly all contained the same ingredients, only some were liquid, some plasters, some "wrappers and some in salve

form. Now comes "GETS-IT" with a newly discovered formula—the corn cure on a new principle and a simple plan that never fails. This is why "GETS-IT" has grown in three years to be the biggest-selling corn cure the world has ever known.

There's no more need of fussing with corns, no more digging or cutting. There's nothing to press down on the corn, nothing to inflame the flesh, to "pull" the corn or cause pain. Put two drops of "GETS-IT" on in two seconds. That's all. For any corn, callus, wart or bunion.

'GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

FARMERS ARE THINKING

The Columbia (S. C.) State discussing the defeat of Governor Cole Blease for the United States Senate says that the farmers did it and adds:

Additionally the farmers are aware of the serious conditions that confront them as are all our people on account of the war in Europe and it is a time for all men to think dispassionatetly and act soberly."

This paragraph should be of interest and warning to the farmers of Virginia. They are also confronted by serious conditions growing out of the European war. It is no time for them or other men who have interests at stake to vote for an increase of taxation and unselling of values such as Statewide prohibition invariably produces. In other words they should do some thinking here in Virginia before they support the wild leadership of the National Anti-Saloon League of Westerville Ohio. And the indications are that they are thinking. Adv.
